**Re: State Implementation Plan Revision – Withdrawal of Remaining Unacted on Sections of Env-A 600 – Statewide Permit System, Submitted on November 15, 2012**

Dear Administrator Spalding:

By letter dated November 15, 2012, the New Hampshire Department of Environmental Services (DES) submitted a request for approval of revisions to the New Hampshire State Implementation Plan (SIP). Included in that request was a revision to certain sections of New Hampshire Code of Administrative Rules Env-A 600, Statewide Permit System. Pursuant to my authority as delegated by Governor Margaret Wood Hassan, I am withdrawing the remaining unacted on section of Env-A 600 that were submitted as part of the SIP revision dated November 15, 2012. New Hampshire is not withdrawing sections Env-A 618, *Nonattainment New Source Review* (NNSR Program) or Env-A 619, *Prevention of Significant Deterioration* (PSD Program) that were included as part of the November 15, 2012 SIP revision submittal.

New Hampshire is in the process of making changes to Chapter Env-A 600 including revisions to Env-A 618 and Env-A 619 to address EPA's concerns contained in the proposed federal register notice for conditional approval of New Hampshire's NNSR and PSD programs [80 FR 22956]. New Hampshire will submit a revised version of Env-A 600 to EPA as part of a future SIP revision.

Thank you for your attention to this matter, and please contact Michele Roberge, SIP Planning Administrator at (603) 271-6793 or via email at [michele.roberge@des.nh.gov](mailto:michele.roberge@des.nh.gov) if you have any questions.

Sincerely,

Craig A. Wright  
Director  
Air Resources Division

Ec: Ida McDonnell, EPA
